A princess's revenge

by MiaQc

Summary

A princess who has been locked away for years takes violent revenge on her sister to reclaim her throne.

- A translation of La vengeance d’une princesse by MiaQc

The princess opens her eyes to the ceiling of her cell. She has grown accustomed to being there. Since the death of her parents, she should have inherited the throne but her wicked sister locked her away, told everyone she was dead and became queen.

Yet, in her darkest dreams, the princess regains her throne after mutilating her sister. An idea that initially disgusted her. Not anymore. Years of confinement have corrupted the pure princess. If she could escape, she would make her sister and all those who helped her pay.

When the opportunity arises on her 18th birthday, as a guard attempts to “show her some love,” the princess spreads her black wings. She kills the guard with his own sword and escapes from her cell. With the bloody blade in her hand, the princess kills everyone who stands in her way.

When her sister, sitting on the throne, sees her in her tattered dress covered in red, her eyes fill with anger.

“How did you manage to escape from your cell?” she asks the murderous princess.

The throne room was full of people and everyone was stunned to see that the princess was alive.

“Thanks to a stupid pig,” replied the princess. “Now, dear Sister, I'm going to get back what's mine.”

“Ha! Do you really think you can be a queen? You're crazy!”

“Really?” said the princess in a nonchalant tone.

Smiling, she cuts off her sister's right arm. As the queen screams in pain and her blood gushes from the wound like a fountain, her guards do nothing to help her. The princess laughs.

“It's like in my dreams!” she said. “The right arm first, then the left.”

The queen's other arm falls. The queen's scream becomes a crescendo.

“Next, both legs.”

“NOOOOOO!” screams the queen. “HELP ME!”

The evil princess cuts off both of the queen's legs. No one comes to her

aid. The princess's sister slowly bleeds to death.

“There. That's done. Now I am your queen!”

No one dares to oppose the princess. The bloody corpse of the fallen queen is removed from the throne. After it is cleaned, the new queen sits on it. She is still smiling. Her revenge has only just begun. All those who helped her sister will suffer!
